Charleston Ladner will replace Sidney Bourgeois and Lauren J. Sonier will replace Ladner as P. and R. O.

PLAN STUDY OF WATER RESOURCES OF 5 COUNTIES

JACKSON, Miss. - The Mississippi Research Commission embarked on a three-year study of water resources of five counties in southeast Mississippi to cost \$20,000 the first year. Surface and ground water resources will be investigated in Wayne, Forrest, Perry, Jones and Greene counties, said Dr. Robert F. Dye, commission director. Dr. Dye said the commission will pay \$10,300 of the first year cost which will be matched by the water resources division of the U. S. Geological Survey. The study is expected to: Define the ground water resources and evaluate their potential as a source of water supply; Determine the chemical and physical quality of the ground water supplies; Define development problems; Measure and evaluate the potential surface supplies; Determine the chemical and physical qualities of water in the principal streams; Determine the flood hazard along principal streams.

TAX CUT TO AVERAGE 15 1/2 PER CENT VOTED

WASHINGTON - The House Ways and Means Committee voted for an income tax rate slash estimated by the Treasury to average 15 1/2 per cent for most taxpayers. The Treasury's latest proposal on individual tax rates, ranging from 14 to 70 per cent, was accepted for inclusion in a bill the House is expected to act on by early September. The present range of rates is 20 to 91 per cent. The committee recessed before taking up the corporate rate question. The Treasury has recommended a reduction from 52 to 48 per cent in this field. Also approved was the timing suggested by the administration, two-thirds of the individual rate reduction to go into effect Jan. 1, 1964, and the remainder a year later. The committee defeated by one vote - 13-12 - a Republican motion that would have made the second

part of the cut depend on holding the public debt to a specified limit. Before the committee action, Rep. John W. Byrnes, R. Wis., senior Republican member on the committee, was openly skeptical about President Kennedy's plans to balance the budget.

Declared Democratic nominees were incumbent Lamar Otis, who was re-elected to a four year term as Circuit Clerk; incumbent Emile G. Piazza, re-elected Coroner and Ranger; Lester Hovey, Beat 1, Justice of the Peace; Noah Bliss, Constable; William Mitchell, Beat 2, J. P.; Burnis J. Ladner, Beat 3, J. P.; A. Frank Selph, Beat 4, J. P.

Nominated without opposition were George Heitzman, Tax Assessor and Harlan G. Dean, Supervisor Beat 1; Lucien Raymond, County Surveyor. Lt. Governor Paul Johnson and former Governor J. P. Coleman will be in the run-off in the August 27 primary for governor. Complete official returns tabulated by the state Democratic executive committee Tuesday showed Johnson held a 25,977 vote lead over Coleman in the August 6 Democratic primary race. Charles Sullivan received 132,060 votes and Robert Mason 3,257.

Official vote on other statewide races called for run-offs between Evelyn Gandy and Carroll Martin for Lieutenant Governor; J. M. Tubbs and E. B. Golding, Superintendent of Education. The committee certified Heber Ladner, Secretary of State; Joe T. Patterson, attorney general; William Winter, state treasurer; W. H. King, auditor of public accounts; Robert E. Graham, land commissioner; Walter Dell Davis, commissioner of insurance; Si Corley, commissioner of agriculture and commerce; Bucky Moore, public service commissioner; Southern District; John D. Smith, highway commissioner; Southern District and Boyce Holleman, district attorney, Second District as Democratic nominees.

Miss Dorothy Joan Hubbard, daughter of Mr. and Mrs. R. C. Hubbard Jr., of Waveland, received her nursing diploma from Hotel Dieu School of Nursing, New Orleans, Sunday at graduation ceremonies of the class of 1963 in St. Joseph's Church. Diplomas were conferred by Archbishop John Cody, and the graduation address to the class was delivered by the Rev. Elmo L. Romagosa executive director for the Archdiocese of New Orleans. Miss Hubbard graduated from St. Joseph Academy, Bay St. Louis, in 1959.

NASA ASKING FOR BIDS FOR BANK AT TEST SITE

GAINESVILLE, Miss. - The U. S. Army Corps of Engineers has invited bids for leasing a site at the newly established NASA Mississippi Test Operations in Hancock County, Miss., for the temporary location of a branch bank to serve NASA, Corps of Engineers and contracting personnel during the construction period.

Land acquisition and construction for the sprawling 141,000 acre static firing site for the stages of the Saturn V moon rocket, is being handled for NASA by the U. S. Army Corps of Engineers. The bank site, comprising a quadrangular plot, 300 feet by 300 feet, and containing 2.6 acres of land on the west side of Highway 43, the main entrance road into MTO, and on the north side of the lower Gainesville road, is in the construction area. The successful bidder will enter into a 5-year lease under which he will install a mobile structure for conducting banking activities. He will not be permitted to install a permanent structure, but may use a trailer or van, temporarily immobilized and with features added for screening purposes. Bids will be accepted from the banks affiliated with the Federal Depositors Insurance Corporation only. Anyone desiring to obtain further information should contact the Real Estate Division, U. S. Army Corps of Engineers, Post Office Box 1187, Mobile, Ala., Zip Code 36601. Bids will be opened publicly at 11 A. M. Central Standard Time, August 27, 1963, at the Corps of Engineers Real Estate Office, 2480 Government Street, Mobile, Ala.

RECEIVES NURSING DIPLOMA

Miss Dorothy Joan Hubbard, daughter of Mr. and Mrs. R. C. Hubbard Jr., of Waveland, received her nursing diploma from Hotel Dieu School of Nursing, New Orleans, Sunday at graduation ceremonies of the class of 1963 in St. Joseph's Church. Diplomas were conferred by Archbishop John Cody, and the graduation address to the class was delivered by the Rev. Elmo L. Romagosa executive director for the Archdiocese of New Orleans. Miss Hubbard graduated from St. Joseph Academy, Bay St. Louis, in 1959.

PROPERTY DAMAGE REPORTED IN TWO-CAR ACCIDENT

Property damage, but no personal injuries were reported by City Police Officer Lathan Garriga in a traffic accident this week involving a 1955 Plymouth and a 1962 Lark. Garriga was assisted by Chief of Police Alcine Saucier in the investigation. Drivers of the vehicles were identified by Garriga as Milton Miller of Baker, La., and Miss Edna Isom of Waveland. Miller, who was charged with running a red light and Miss Isom with reckless driving, will be tried Garriga said, Thursday in Mayor John Seafide's court. Damage was estimated at \$350 to the Plymouth and \$150 to the Lark. Garriga also reported Troy Forbes Kokomo, Miss., will be tried in Mayor's court Thursday on a charge of drunken driving. Forbes, he said, who sideswiped two cars on Highway 90, was apprehended on the Bay St. Louis bridge about 9 p. m. Saturday.

TO CROWN POPPY QUEEN, AUGUST 22

Miss Mildred Baum will be crowned Poppy Queen at the coronation ball to be held at 8 p. m. Thursday, August 22, at the American Legion Home. Majors to the queen will be Laureen Turcotte, Agnes Wilkerson, Charlotte Piazza, Nikki Romanoff and Jeannie Rutherford. Ed North will be trainbearer and Willie Pizazz, crown bearer. The public is invited to the affair which is sponsored by the American Legion Auxiliary.

Four Seriously Injured In Head-on Collision Thursday

GIRL STATERS SPEAK AT LEGION AUXILIARY MEETING

Girl State delegates were guest speakers Monday night at the American Legion Auxiliary meeting at the Legion home. Mrs. Guy Bufkin, Girl State chairman, introduced Misses Dotie Estapa, Edna Bourgeois, Kathleen Jacobs, Mary Doug Murtagh, Mary Ann Reeves and Louise Bufkin, former Girl Stater, who served as counsellor this year.

The boys were sponsored and expenses paid by Hancock Bank, Sam Whitfield, American Legion and Bay-Waveland Garden Club. This is the 23rd school sponsored by the Mississippi Forestry Association, an organization of individuals and companies interested in the development and proper use of Mississippi's forest and related resources. The school represented the combined efforts of many organizations interested in conservation. Activities at the school include lectures and field work in timber management, forest fire control, land judging, soil sampling game laws and wildlife management.

FOUR FROM HANCOCK ATTEND BOYS CONSERVATION SCHOOL

Four boys from Hancock County attended the Boys Conservation School at Roosevelt State Park near Morton from July 29 to August 2. Attending were Dale Bilbo, Wayne Cuevas, Wendell Ladner and Tommy White.

The boys were sponsored and expenses paid by Hancock Bank, Sam Whitfield, American Legion and Bay-Waveland Garden Club. This is the 23rd school sponsored by the Mississippi Forestry Association, an organization of individuals and companies interested in the development and proper use of Mississippi's forest and related resources. The school represented the combined efforts of many organizations interested in conservation. Activities at the school include lectures and field work in timber management, forest fire control, land judging, soil sampling game laws and wildlife management.

Four persons were seriously injured in a head-on collision last Thursday morning on the Kila Picayune Highway near Catboats. According to the Sheriff's office, Mr. and Mrs. Albert Saucier Sr., their sons, 4 year old Albert Jr., and four-month old Ricky were brought by ambulance to Hancock General Hospital for treatment of injuries.

Albert Jr., who suffered head injuries was transferred to Ochsner Foundation Hospital, New Orleans.

Deputy Sheriff Lander Necaise, one of the investigating officers, reported Mrs. Saucier, the former Laurie Curet, was driving when the accident occurred.

The family, who reside in Pearl River, La., were enroute to Kila to visit with her parents, Mr. and Mrs. George Curet.

Driver of the Colonial Bakery truck involved in the accident, was identified by Necaise as a Mr. Bliss of Gulfport.

Sheriff Gerald V. Price reported \$800 in cash and a diamond ring valued at \$3,000 were stolen from the Waveland home of a New Orleans man Sunday.

George Lotz, he said, told investigating officers the money and ring were taken from his Beach Blvd., home when the family crossed the road to swim and left the front door of the home open. Price said the theft occurred near noon while the Lotz family was swimming from a private pier directly in front of the residence. Assisting in the investigation were Deputy Sheriffs Norvin Penrose, Chief Deputy Sheriff Gerald V. Price Jr., and Waveland Town Marshal Fred Bourgeois.

State Rep. Frank Blanton reported a collision one and a half miles west of Bay St. Louis on U. S. Highway 90 at 3:30 p. m. Sunday which involved three vehicles. Drivers were identified by the patrolman as Harold Leatherman, Brownsville, Texas; Joe M. Sims, Flintville, Tenn.; and Michael J. O'Grady, New Orleans. Total property damage was estimated at \$275.

The Sheriff's office reported property damage and personal injury in a one-car accident Monday night on Blue Meadow Road. The driver of the car was identified as Gary Tomasich and passengers as Joe Tate, John Lind and Joe Lizana. The car reportedly overturned when the driver failed to negotiate a curve. Lind, who suffered a fractured leg, was taken to Gulfport Memorial Hospital.

communities as far as 30 miles away. This "bouncing" points out the need to recognize poor atmospheric conditions and to avoid firing on such days. Another approach to the noise problem is an effort to squelch the sound. An experimental sound suppressor is being tested. Engineers have been able to reduce the noise of miniature scale rocket engines by a factor of 10, or 10 decibels. Fritz Kramer, who is directing the sound suppressor studies, said that "if we can get a sound reduction of more than 10 decibels, this would be sufficient to prevent 'annoyance to outlying communities'".

The king-size test muffler in use at Marshall is a water-lined tank 126 feet long, 24 feet high. An H-1 engine with 165,000 pounds of thrust is fired into the tank. Fast-moving rocket engine gases create a low pressure inside the tank that cause water on an upper level to be pulled into the jet stream at the rate of 0.000 pounds of water per second. Steam and gases rise to the top of the closed suppressor and pass through a water spray before escaping to the outside. The process suppresses sound generation by reducing the velocity of the jet stream as soon as it leaves the nozzle.

NEW ORLEANS, La. - A well extending more than one mile beneath the surface, has been drilled for the National Aeronautics and Space Administration to insure the safe and permanent disposal of chemical waste from its Space Operations. Chemical waste from the Space Operations is being disposed of in a well extending more than one mile beneath the surface, has been drilled for the National Aeronautics and Space Administration to insure the safe and permanent disposal of chemical waste from its Space Operations.

YES, IT WAS A BUSY NIGHT AT JAYCEE headquarters, shown here on Election night, are Jaycees and Jayettes, gathering the returns of the First Primary election of August 6th. They did a wonderful job, and you can look for them to be busy again on the night of August 27th, date of the Second Primary. Ward photos.

DEPOSITORS MUST FURNISH SOCIAL SECURITY NUMBERS

A new federal law requires all institutions and corporations that pay interest and dividends to report to the Social Security Administration the names of their depositors, shareholders, or members. This law applies to insurance companies, mutual funds, credit unions and other types of institutions and corporations, as well as to commercial banks and savings and loan institutions.

A statement released jointly by the banks today, bankers approved for the cooperation of the law in complying with the new law.

Bank officials said that corporations and financial institutions will be required to report to the Treasury, beginning in 1963, all interest payments and credits of \$10 or more annually, and to file a statement of the amount paid during the year to the depositor, shareholder or member.

Individuals receiving the interest and dividends will be identified in these reports by their Social Security numbers. Most persons already have Social Security numbers, but those who do not may obtain a taxpayer identification number from the Internal Revenue Service.

Bank spokesmen said forms for reporting Social Security numbers will be made available to all depositors and shareholders. Full compliance with the new law, if it is passed, will avoid confusion in the names of individuals who have the same name.

They emphasized that the new law applies to all persons wherever they save or invest. Any company or institution that pays an individual \$10 or more in interest or dividends in any year must report the amount of the payment to the Internal Revenue Service.

Individuals when making out their income tax forms are required to report as income any interest or dividends received.

What Will They Steal Next?

A three-room ranch style house missing since last Thursday, was apparently stolen and moved to Pearl River, La.

Charles Benigno, manager of the Gulfport branch of Jim Walter Corp., which owns the property, reported a Louisiana man said he bought the house from a man named Arthur Wilson. The man held a receipt for a down payment of \$250, he added. Benigno said he discovered the house was missing when he checked on some of the company's property in Hancock County. He said it is worth approximately \$5,000. A moving firm owner, contacted after the house was found missing, said he received \$800 for moving it.

Benigno said "We are trying to get it back but it may be difficult since it is in Louisiana."

REPORT TWO-CAR COLLISION MONDAY

State Ptn. Frank Blanton reported property damage only in a two-car collision about 4:30 p. m. Monday eight miles north of Kila. Blanton identified the drivers as Clifford Malley and Kairal Ladner, both of Rt. 1, Pass Christian. Damage to the 1959 Ford was estimated at approximately \$250 and to the Ladner pickup truck at \$150.

TROPHIES WERE PRESENTED on Sunday night, August 4th, to the winners in the Bay-Waveland Yacht Club autumn sailing season. Trophies were presented to the winners by Mr. Harry Chapman, shown in center. Fayard photo.

Mr. J. A. Korman, Mississippi State Master of the Bay-Waveland Yacht Club, presented trophies to the winners of the autumn sailing season. Mr. Korman is on the left, and the winner is on the right. Duc Assembly photo.

SOIL CONSERVATION NEWS

The Hancock County Soil Conservation District assisted three farmers in conservation planning during July 1963.

One new soil conservation district cooperator was added to the list, namely, E. E. Moran with 35 acres of farm land.

Lenox Shaw of Crane Creek Community, with 37 acres, and Otto Rester, 60 acres in Leetown Community, revised their farm conservation plans, as they were changing farm enterprises.

Anyone who owns, or operates a farm, whether it be a woodlot, or a dairy farm is eligible to receive conservation planning assistance, which is another of the many free services of the U. S. D. A.

For more information contact your local soil conservationist.

Sportsmen are in a hurry these days. But they will charter planes to reach good hunting ground, and to pull in a plump black bass, they will travel miles by rail and highway.

A seaplane out of Buffalo, New York, alighted on Lake Mary, near Woodville, Miss., last fall with a party of hunters loaded for deer. The hunters shot a deer, divided the kill, (as is the custom at Lake Mary Lodge), boarded their plane, and took off into the blue toward home.

Early in May 1963, a piper cub pilot landed in the pasture where the E. M. Kees grazes steers, caught a mess of bass and pulled out.

During the six years that Lake Mary Lodge has been open for commercial hunting, visitors have come from most Southern States, according to Mr. E. M. Kees, Sr., of Woodville, Miss., including Tennessee, Louisiana, Arkansas and North Carolina.

There is no official record of what Cosmopolitan groups have fished here - this beautiful lake, one mile wide and 12 miles long, was cut off when the Mississippi River changed its course many years ago.

The E. M. Kees - father and son, own between four and five thousand acres of land which borders the lake. On its banks, they have built Lake Mary Lodge where a grocery, restaurant, boat dock and fresh water minnow house cater to the needs of tourists.

E. M. Kees, Jr., is chairman of the Wilkinson Soil Conservation District. According to Emmett Kees, work with conservationist S. C. S. Woodville, the Kees'

farm conservation plan, with assistance from the Soil Conservation Service, includes plantings for wildlife, as well as timber management, and pastures which support a profitable livestock enterprise.

In addition to fishing, duck and squirrel hunting are also popular sports. Boating and water skiing attract many to the waterfront. In this department Debra, 14, and Enlow Kee III, 12, are proficient skiers.

Debra states that she learned to ski when she was seven, and her brother had difficulty remembering - "it was so long ago."

Otto Jensen, who manages the Lodge reports that 47 boats and 2 motors are for rent to fishermen. Six air-conditioned cabins insure the comfort of those who want to stay overnight, and early morning breakfasts are served in the pleasant dining room overlooking the water.

In addition, there are 17 leased cabin sites or families who have built their own cabins, or who park their trailers in season.

The paddle boys and guides, who work at the Lodge, have lived in the area a lifetime. One party of ladies from Amite County reported that their guide, had been paddling their boat during 15 years of fishing trips. "Scott", their paddle boy, "really know where to find the fish," says Mrs. C. B. Moore of Liberty, exhibiting a hefty string that she and her friends landed.

These are waters fished by experts. The last fisherman interviewed was William A. Flynt, game warden of Covington County. "We began fishing at 7:30," said Mr. Flynt, and our party had caught 94 white perch by noon. Nearby, a party from famed Reelfoot Lake in Tennessee, listed, and headed their boat into Mississippi waters.

CLERMONT RESIDENT DIED AT HOSPITAL

Charles Becker, 82, of Clermont Harbor, died about 8:45 a. m. Sunday, August 11, at Hancock General Hospital, where he had been hospitalized for three weeks.

A retired brick mason, Mr. Becker was born January 11, 1881, in Pennsylvania.

Funeral services were held at 2 o'clock Tuesday afternoon at Riemann's Fahey-Whitfield Funeral Home, with the Rev. J. C. Roussaux of the Methodist Church, Waveland, officiating. Interment was in Lakeshore Cemetery.

Walter Joseph Gex III of Bay St. Louis will receive his Bachelor of Law degree at University of Mississippi summer commencement exercises at 5 p. m. August 18.

WAVELAND NEWS

MRS. BEVERLY ZIMMERMAN

PHONE HO-7-4584

WAVELAND, MISS.

Lothar E. Hornuff Jr. of Edmond, Okla., son of Dr. and Mrs. Lothar E. Hornuff Sr., of New Orleans and Waveland, spent the week at their summer home on Lake Lane.

Mr. and Mrs. Ray Michael Bourgeois and family returned to Florida last week.

Mr. and Mrs. Harold Zimmerman returned from their trip to Texas.

Mr. and Mrs. Wm. Ford plan to trip up north to visit their children.

Mrs. Alma Morel says the building of her new home in Mollere Drive is progressing rapidly.

Greetings to Mrs. Garfield Ladner who celebrated her birthday on July 13th.

Greetings also to Mrs. Juanita Redo of the Dairy Freeze who celebrated on July 13th.

Happy returns of the day to Alphonse Dorn Sr., who celebrated his birthday on July 7th with a family get-together.

Get well wishes are extended to Mrs. John Auderer who is ill in Hancock General Hospital.

Glad that Mrs. Ann Langley is home from the hospital and recuperating nicely.

Congratulations to Mr. and Mrs. Bert Ladner on the arrival of a fourth child and third daughter. She was given the name of Alise Lynette.

Mayor and Mrs. Garfield Ladner now have 23 grandchildren, 11 grandsons and 12 granddaughters.

News has been received from Buddie Wilson that he will be home on leave around the 12th.

PENNINGTON DEATH IN WAVELAND MONDAY

Richard Lafayette Pennington, 65, Waveland, died at 11 a. m. Monday, August 12, at Hancock General Hospital after a short illness.

Mr. Pennington, who formerly operated a picture-framing and art supply business in San Francisco, Calif., had served in the U. S. Army, retiring with the rank of captain. He attended the University of the Pacific and Stanford University. He moved to Waveland from Santa Clara, Calif., about six weeks ago.

A native of Nacogdoches, Texas, he was a former member of the San Francisco Lions Club and a member of the Episcopalian faith. He is survived by his widow, Mrs. Winifred Pennington, presently in Santa Clara who had planned to move soon to Waveland; a son, Richard L. Pennington Jr., Morgan Hill, Calif., a daughter, Mrs. Elizabeth Tessier, Petaluma, Calif., three sisters and four grandchildren.

Funeral services were held at Riemann's Fahey-Whitfield Funeral chapel at 11 a. m. Wednesday with the Rev. Charles Johnson, pastor of Christ Episcopal Church, officiating. Interment was in Gardens of Memory Cemetery.

Matthew J. Gleber Sr., 60, died at 6 p. m. Friday, August 9, in Hancock General Hospital.

Survivors include his widow, Mrs. Mercedes Lapete Gleber; a son, Matthew J. Gleber Jr., Bay St. Louis; five sisters, Mrs. A. Trasierra, Mrs. H. Conrad, Mrs. A.

Spadafora and Misses Matheina and Violet Gleber.

Funeral services were held at 12:30 p. m. Sunday from the Laudumey Funeral Home in New Orleans with religious rites at First English Lutheran Church. Interment was in St. Vincent de Paul Cemetery No. 2.

FIRE — NO DAMAGE

The Fire Department answered a call at 10:05 Tuesday night at the Webb School.

The department reported an electric wire burned, but no damage was caused.

To The Voters Of Pearl River and Hancock Counties

Please accept my sincere thanks and appreciation for the wonderful vote given me in last week's primary election. I am deeply grateful to those who made it possible for me to enter the second primary run-off against a man whom I consider a most worthy and capable opponent.

To those of you who supported the unsuccessful candidates in this contest, I earnestly and sincerely solicit your consideration and support.

I am a native and life-long resident of Hancock County; graduate of Tulane University; member of the National Rivers and Harbors Congress; past president of the Mississippi State Planning Conference; president of the Mississippi Municipal Association and am at the present time, in my third consecutive term of office and tenth year as Mayor of the City of Bay St. Louis. On the basis of my past record, both as a citizen and a public official, I earnestly solicit your vote and influence on August 27th.

Gratefully and respectfully yours,

John A. Scafide

Candidate for State Senator

To All The Citizens Of Hancock County

To those of you who deemed it wise to vote for me in the first primary, and who, by so doing, have brought me into the second Democratic Primary, I humbly ask for your continued help in the second.

I shall be ever eternally grateful for your help.

I realize that a great many of my friends could not vote for me in the first primary because of blood ties, business ties, obligations, or even by preference to vote for other candidates. These obligations, having been fulfilled, you, and also those candidates, are now free to make another choice. I sincerely hope that these votes will be cast for me and I earnestly ask you from the bottom of my heart to help me get elected in the second primary.

I have served twelve years as Deputy Clerk, and, if the efforts of you, my friends, are successful, I will be your next Clerk of the Chancery Court. And, if elected, I will do my utmost to make you the best Chancery Clerk Hancock County has ever had - and it has had several good ones.

If elected, it will be my pleasure, as well as my duty, to assist you in your dealings with the Clerk's office, and you will be treated with courtesy, efficiency and capability from me and my staff.

I have had very little time to campaign, attend rallies, or visit the good people of Hancock County in seeking election because of my job and illness in my household.

Again thanking you for the tremendous confidence you have displayed in my behalf, and requesting your continued assistance, I am

Yours Sincerely,

Marie E. Quintini

Record Of Progress

R. G. (Manny) HUBBARD
Supervisor-Beat 5

Today's sound financial condition of Beat 5 and its many improvements stand as evidence of what capable and honest management of your tax dollar has accomplished in 11 years.

Progress has been made in Hancock County during these years such as we have never enjoyed in previous administrations. Some of the MANY projects are:

HARDSURFACED ROADS
SEAWALL MILLION DOLLAR DEBT PAID OFF
COUNTY OLD FOLKS HOME

HARDSURFACED ROADS:

In Beat 5 this has been a consistent, progressive program of the past 6 years.

Main Street, or Blue Meadow Road, 1956. Washington Street, between Highway 90 and Old Spanish Trail, 1959. Lower Bay Road (Outlet for the people of Lakeshore and Clermont Harbor which had been sorely needed for YEARS,) 1960. Beach Blvd., from St. Charles St., to the Yacht Club, 1960. Old Spanish Trail, Nicholson Avenue, Washington Street between the Kiln Road and Highway 90, Middletown Road, Waveland Avenue and many others (over 11 miles) in EVERY PART of Beat 5, 1962-1963.

This hardsurfacing is a CONTINUING program, with still more streets to be done. By constructing roads with the fine road building machinery which we have purchased in the last 11 years, 67% of contract cost is saved, which means MORE ROADS can be built with your tax dollar. This and local labor KEEPS THE TAX DOLLAR AT HOME.

Beat 5's FIRST State Aid road was built three years ago. The PREVIOUS administration (before 1952) received state aid (then called Pork Barrel), BUT no road was built and the State Auditors sued the Board of Supervisors for misappropriation of public funds.

SEAWALL MILLION DOLLAR DEBT PAID OFF:

This \$1,250,000 bond issue which had been a burden on the taxpayers since 1926 dragged along for 26 years, having to be refinanced THREE TIMES. During ALL THOSE YEARS, from 1926 to 1952, only \$233,000 was paid on the principal. In contrast, during these past 11 years of capable and honest management, OVER A MILLION DOLLARS has been paid, and the Seawall debt can no longer plague us.

COUNTY HOME:

A comfortable and adequate home for our old folks had been a topic of conversation almost since the county began. It became a reality DURING THE LAST 11 YEARS when the old home formerly located in the marsh at Bayou LaCroix was replaced with the comfortable, modern home in the very attractive surroundings on the new hospital grounds. (COST \$26,000, NO ADDITIONAL COST TO THE TAXPAYERS). The old folks now have the advantage of close medical attention and convenient location IN CONTRAST with the past when they had to be moved in skiffs to higher ground during a storm.

When a public official works for the PEOPLE and the COMMUNITY unselfishly and with no thought of PERSONAL gain, the results are bound to be of benefit to ALL.

Because I have COMPLETE CONFIDENCE in the responsible judgement of you, the voters in Beat 5, I know that you will THINK CAREFULLY AND SELECT WISELY. "The Future Of Your County Depends On Your Selection of its Officials."

Re-Elect
R. G. (Manny) HUBBARD
Supervisor Of Beat 5

and help our County CONTINUE TO GROW!

SUPERVISORS MEETINGS

MEETING MARCH TERM
MINUTES
 The Board met at 8:00 a. m. on Monday, March 25, 1963, at the County Courthouse, Lumberton, Mississippi. Present: R. G. Hubbard, Jr., President; H. G. Dean, I. M. Frierson, Charles Lavinghouse, G. V. Price, Sr., and G. J. Ladd. Clerk of the Board: G. J. Ladd. Secretary: G. V. Price, Sr.

APPOINT GUARD DISTRICT NO. 1
 Upon motion of Supervisor Dean duly seconded by Supervisor Frierson that Pete Walker be appointed as guard for MTO from District No. 1, at a salary of \$2.50 per hour, 40 hour work week. The above motion was unanimously adopted by the Board and the said Pete Walker is hereby accepted as guard from District No. 1.

APPOINT GUARD - DISTRICT 2
 Upon motion of Supervisor Frierson duly seconded by Supervisor Dean that John B. Whitfield Jr. and Richard E. Tarver be appointed as guards for MTO from District No. 2, at a salary of \$2.00 per hour, 40 hour work week. The above motion was unanimously adopted by the Board and the said John B. Whitfield Jr. and Richard E. Tarver are hereby accepted as guards from District No. 2.

APPOINT GUARD - DISTRICT 3
 Upon motion of Supervisor Lavinghouse duly seconded by Supervisor Frierson that Clinton J. Dedaux be appointed as guard for MTO from District No. 3 at a salary of \$2.00 per hour, 40 hour work week. The above motion was unanimously adopted by the Board and the said Clinton J. Dedaux is hereby accepted as guard from District No. 3.

 Upon motion of Supervisor Nease duly seconded by Supervisor Frierson that Jack F. Seal be appointed as guard for MTO from District No. 4, at a salary of \$2.00 per hour, 40 hour work week. The above motion was unanimously adopted by the Board and the said Jack F. Seal is hereby accepted as guard from District No. 4.

APPOINT GUARD - DISTRICT 5
 Upon motion of Supervisor Nease duly seconded by Supervisor Lavinghouse that Norbert M. Brune be appointed as guard for MTO from District No. 5, at a salary of \$2.00 per hour, 40 hour work week. The above motion was unanimously adopted by the Board and the said Norbert M. Brune is hereby accepted as guard from District No. 5.

ADMIT RENE PUCHEU TO HOME FOR THE INDIGENT
 Upon motion of Supervisor Nease duly seconded by Supervisor Lavinghouse that Rene Pucheu after due examination and oral and documentary evidence having been submitted, be and he is hereby eligible to be admitted to the Home for the Indigent. The above motion was unanimously adopted by the Board. Be it ordered by the Board that the Board adjourn.
 R. G. HUBBARD JR.
 President

Friday afternoon, March 29, 1963, at 1:00 o'clock P. M., the Board met pursuant to recess. There being present: R. G. Hubbard, Jr., President; H. G. Dean, I. M. Frierson, Charles Lavinghouse, G. V. Price, Sr., and G. J. Ladd. Clerk of the Board: G. J. Ladd. Secretary: G. V. Price, Sr.

Down The Sports Trail

BY MICHAEL LANG

Southern Realty lost to City's in the state tournament Sunday. It was the second time they faced them. The first time they faced them 24-8 but came back to almost win the second game 3-2. It was a fine showing of the team, and I'm sure no one could say that the Bay wasn't well represented.

It has come to this writer's attention that when Little Leaguers are playing on the ball field and the team, or softball members come out to use the field, Little Leaguers must move on. Of course there are two sides to everything, meaning that the Little Leaguers should move on and let their elders use the field, in that case, the purpose of the Little League would lose its meaning. It was started to keep the kids busy and off the streets, not adults, though some should be kept off.

This can be cleared up by making time restrictions for each of the three branches, giving each a chance to use the field. If not, Little Leaguers hold your ground, for you are an equal partner in that field.

GIVE THE KIDS A CHANCE
 Bay Hi's football schedule was released a few weeks ago, so for those who don't have the schedule here it is, "Tiger" fans. Sept. 6, Stone here, Sept. 13 Pass Christian here, Sept. 20, Pearl River Central here, Sept. 27, Hancock Central here, Oct. 4 Harrison Central here, Oct. 11, Long Beach here, Oct. 17 St. Martin here, Oct. 25, Poplarville here, Nov. 1, Slidell here, Nov. 8, Ocean Springs here. All of the home games this year will be played at Tiger Stadium.

Pearl River College announced unanimously adopted by the Board and the said Norbert M. Brune is hereby accepted as guard from District No. 5.

WANTED
 Young men to train as tank drivers, gunners, communications specialists and mechanics. Ask about availabilities at your local National Guard Armory.
JOIN THE HOME TEAM YOUR NATIONAL GUARD

their football schedule this week as follows:
 Delta, Southwest, Itawamba, Perkinston, Northwest, Co-Lin, H. Holmes, East Central Hinds, and Jones.
 SPC has only one open game and that's on October 26. They are supposed to have a pretty tough team again this year, but time will tell.

Southern Realty wasn't the only organization from the Bay featured at Biloxi over the weekend. The Company Inc., brought several of their cars to the drag strip and were well represented. The White Poncho lost in the trophy run by a very small margin. Watson's dream car was also in the trophy later that night and missed by a very close margin again. In a few weeks the Company Inc., will bring three or four more cars to the drags. The Lil' Devil, Slave Driver, and Green Onions will be the cars in the competition and a debate is going on whether to bring the Blue Goose over it'll most probably will though.

So if you want to see some of your home competition in action, come on over to the drags and see what the Bay has to offer.

Coach Bill Murphy, head coach for Stanislaus, announced that for all local students, pre-season starts today, August 15th, so if any one

POLICIES OF FARMERS HOME ADMINISTRATION

The Housing Act of 1961 broadens the eligibility requirements for Rural Housing loans, stated Mr. Max H. Stone, County Supervisor of Farmers Home Administration in Hancock County. To be eligible for housing loans in the past, Mr. Stone explained, it had been necessary that applicants be engaged in farming, and now families who are living in small rural communities of less than 2500 population or non-farm tracts in rural areas, are eligible for Rural Housing assistance just as farmers are, provided they otherwise meet the eligibility requirements.

Mr. Stone stated such housing funds are available to help eligible families to modernize homes, add bathrooms, modernize kitchens, add domestic water supplies, as well as enlarge and remodel farm homes and service buildings, together with related facilities needed in their farming operations.

The County Supervisor explained the interest rate on housing loans remains at 4 percent and that the loans can be scheduled for a repayment period of up to 33 years. He stated that after making applications for such loans, it is necessary for the applicant to provide building plans, specifications and cost estimates. The local County Committee determines the eligibility of each applicant and certifies as to the amount of the

is interested, come out and try out. All the lettermen will have a tough time this year because of a harder schedule. The Rock-a-Chaws dropped three of their weaker foes and took on three 'order ones from New Orleans. The Rocks should be interesting to watch this year.

AERIAL PECAN TREE SPRAYING TO BE FEATURED AUG. 20

STATE COLLEGE, Miss. - Aerial spraying of commercial pecan orchards will be featured at a pecan field day at the Bass Pecan Company near Lumberton on August 20, according to Chesley Hines, leader in horticulture of the cooperative Extension Service.

The program will start at 10:00 a. m. Come first to the Bass Pecan Company's office, just south of Lumberton on Highway 11.

Extensive tests with aerial application are being conducted this year by Dr. C. H. Graves, plant pathologist, Mississippi Experiment Station, in cooperation with Bass Pecan Company, Magnolia Aviation Company and Bell Helicopter Company.

"At the field day, discussions will be presented on the methods and techniques used in these tests which include varying amounts and rates of concentrate spray materials and a comparison of both time required for spraying and effectiveness of applications by fixed-wing plane and helicopter. Agents and growers will have an opportunity to observe the test

loan. Mr. Stone further explained that all of these loans are secured to the extent necessary to protect the Government's interest, and in some instances improvement loans may be made in amounts less than \$1,500 with a repayment period not to exceed 10 years and such loans being secured by a promissory note.

Other housing loans of course, are secured in each case by a deed of trust on land and or chattels of the applicant. Inquiries or applications for Rural Housing assistance will be handled in the Hancock County Office, located at Agricultural Building, Bay St. Louis, Mississippi.

Thanks To

I want to thank the good people of Hancock County for the fine vote given last Tuesday's primary election.

For the friends and friendship gained during campaign I shall be forever grateful. For hospitality and downright warm welcome in all the homes visited, I shall never forget that it was not my pleasure to visit home in Beat 5.

I want to thank every candidate for the honest race they ran - and now I extend congratulations to the leaders and to the winner, I pledge my all out support to him in office, for the betterment of our Beat and county. If there is ever a time when my service is needed, I shall be at his call.

Sincerely

August J. Scofield

THANKS

From the JAMES A. RESTER FAMILY

To the People of Hancock and Pearl River Counties. For the wonderful support and vote given me the first primary for STATE SENATOR. Your splendid support of 2795 votes enabled to lead the ticket and for this, I am deeply grateful.

I again solicit your vote and influence for second primary.

Gratefully,
 JAMES A. RESTER

FOR STATE SENATOR
 JAMES A. RESTER

Thanks

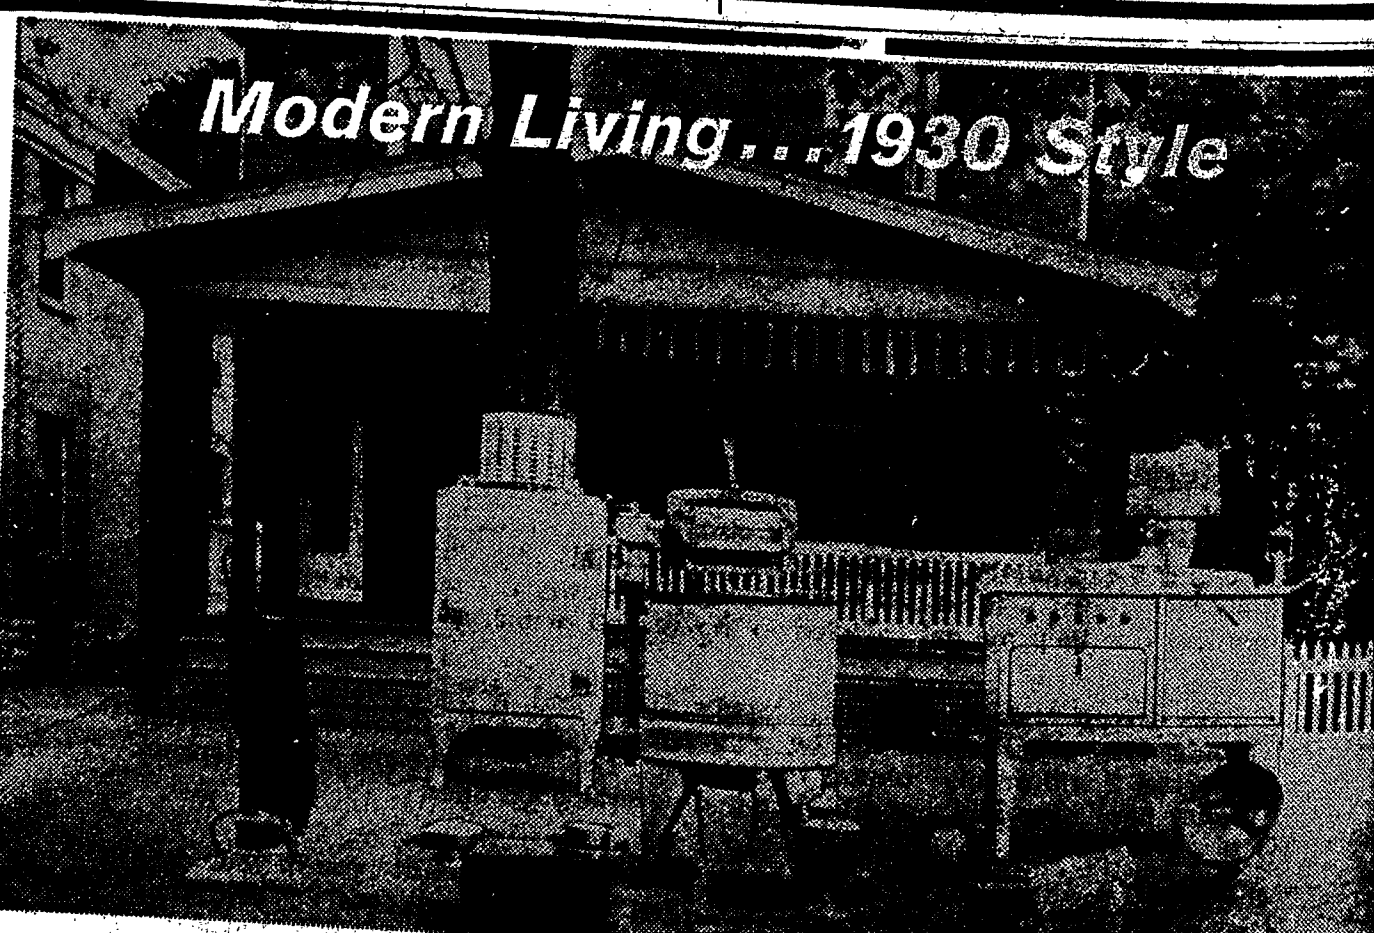

Many, Many thanks for the generous and handsome vote given me in the first primary.

I sincerely solicit your help so that I can again serve you as your Justice of the Peace, Beat 5, Post No. 1.

The faith and confidence shown me by the voters of Beat 5 is greatly appreciated and I humbly request of you, my faithful supporters and friends for your continued assistance.

Nelius C. Rhodes, Sr.

In 1930 modern housewives really lived it up electrically with 17 labor-saving appliances. The latest word in style and convenience was an electric refrigerator with the crown on top. Electricity promises even greater conveniences for future generations—a wonderland of undreamed electric servants to do your bidding.

MISSISSIPPI POWER COMPANY

TO THE ELECTORS OF HANCOCK COUNTY

I want to thank you for the wonderful vote you gave me on August 6, 1963.

I assure you that I will continue to work with all of the elected officers for the betterment of Hancock County.

LAMAR OTIS

Thanks

To the people of Hancock County, I offer my sincere thanks for your vote and confidence in last Tuesday's primary election for Sheriff and Tax Collector.

I want to thank every candidate for the clean, honest race they ran.

My congratulations to the leaders and the final winner. I pledge my support to his tenure in office for the betterment of our County. If there is ever a time when my service will be needed, I shall be at his call.

Sincerely
 NORMAN J. BENIGNO

Social Security

There are many people missing out on their social security benefits because of misunderstanding. These people do not understand the earnings provisions of the Social Security Act, and they are just not taking time out to get the facts from their district office," stated Jerome H. Drane, district manager of social security in Gulfport, Mississippi.

Drane said that hardly a day goes by when one of his staff does not come in contact with someone who has lost some payments because he misunderstood or was misinformed. The best way to avoid losing your benefits is to talk to a social security representative. "After all," Mr. Drane said,

"when you have trouble with an electrical appliance or with your car, you certainly want to go to a place where you can get expert service, and there is no better place to get expert information about your social security payments than at your social security district office."

Many people of retirement age are unaware that they may be eligible for social security benefits for the year even though they are still working. The amount of the payment would depend, of course, on the total yearly earnings.

A person who is eligible for social security can earn up to \$120 in the year without losing any of his social security payments. For

every \$2 of earnings between \$1200 and \$1700, only \$1 in benefit payments would be withheld. Over \$1700, \$1 in benefits would be withheld for each \$1 in earnings over that amount.

In addition, a person can get social security payments for any month in which he neither earns over \$100 as an employee, nor renders substantial services as a self-employed individual.

Find out how your earnings affect your social security payments. Don't take a chance on losing money. Visit your social security district office at 1022 32nd Avenue in Gulfport, or telephone UN-40-2022. A social security booklet, OASDI-23, entitled, "If you work while you get social security payments" is also available, and will be sent to you on request.

NOTICE OF TRUSTEE'S SALE

Whereas, on the 30th day of June, 1956 Edward Bourgeois and Mary Ann Bourgeois executed a deed of trust to W. J. Phillips, trustee, to secure an indebtedness therein mentioned to A. G. Dantagnan, and Edith Dantagnan which deed of trust is recorded in Vol. 65, page 591 Records of Mortgages and Deeds of Trust on land in Hancock County, Mississippi, and

Whereas, the said indebtedness so secured is past due and unpaid, and

Whereas, A. G. Dantagnan and Edith Dantagnan the holders of said indebtedness having requested me, the undersigned Trustee, to foreclose, said deed of trust.

Now Therefore, I will on Monday, August 19, 1963 between legal hours offer for sale and sell to the highest bidder for cash, in front of the front County Court House Door of Hancock County, Mississippi, the land situated in Hancock County, Mississippi, and described in said Deed of Trust as follows, to-wit:

Commencing at the 1/2 Section Corner between Sections 11 and 12, T. 8, S. R. 15 W; thence South 357.1 feet to a concrete post as a place of beginning; thence West 484.0 feet, more or less to a concrete post on East side of Lake-shore Public Road; thence S. 16, 44' E. 200 feet along East side of aforesaid Road to a concrete post; thence East 403 feet more or less,

to the East line of NE 1/4 of NW 1/4; thence North 191.4 feet to the place of beginning.

Said land containing 1.9 acres, more or less, and being part of the NE 1/4 of NW 1/4 of Section 12, T. 8, S. R. 15 West, Hancock County, Mississippi.

I will convey only such title as is vested in me as said Trustee, which I believe to be true.

Witness my signature this 23rd day of July, A. D. 1963.

RECORDS SHOW HOW MILK PRODUCTION MAY BE INCREASED

STATE COLLEGE - About 10 years ago today, 36 grade Jersey heifers were bought from dairymen in the area to establish a dairy herd at the Black Belt Branch Experiment Station near Brooksville. Through good management and careful breeding this herd has reached a high level of production and is serving as a source of information for dairy producers throughout the area.

In 1957, the first year of record keeping, average production was 4,381 pounds per cow. In recent years, it has been increasing about 1,000 pounds per year. In 1962,

average production per cow was 8,252 and current records indicate it will exceed 9,000 pounds this year. Annual gross income from the herd of 48 cows is computed at \$17,838, of which returns to labor and investment are placed at \$7,170.

Louie Walton, superintendent of the station, and Hershel Johnson, in charge of the dairy project, have consistently culled out the low producers and bred the remaining cows to bulls whose records indicate they will improve production. No replacements have been bought and most of the herd is now made up of descendants of 10 of the original heifers.

Facilities and rations used at the Station are similar to those found on many dairy farms. Corn, oats and cottonseed make up the simple ration used. These concentrates, along with the forage, are all produced in the spring for summer feeding at the Station. Oil silage is put up and corn is ensiled for winter use. Temporary summer and winter grazing crops supplement the permanent pasture.

In management, Mr. Johnson emphasizes good breeding, growing own replacements, keeping records, culling for money, and maintaining a regularity of schedule which never lets production go down.

New York - The oil industry has spent more than \$4 billion in the Gulf of Mexico since the area's first major oil field was discovered 25 years ago, Oil Facts reports.

DEPARTMENT RECEIVES 118 REPORTS FROM COUNTY AGENTS

Welfare Commissioner, Ross Barnett announced today that the State Welfare Department's Legal Division, during the month of July, 1963, received a total of 118 reports from county welfare agents, certifying that 118 applicants made application to the Mississippi State Department of Public Welfare for aid to dependent children grants, and that an investigation of the circumstances of the applicant by the County Welfare Agents, revealed that a total of 324 children were put in needy circumstances by reasons of the fact that the children were either deserted by parents or that the parents of such dependent children wilfully neglected and refused to provide for the support and maintenance of their children, under the age of 18 years, leaving such children in destitute or necessitous circumstances, and that aid to dependent children grants were furnished the 118 applicants for such aid to dependent children grants.

Of the 118 applicants, 24 were white and 94 were Negro; involved were 56 white children and 268 Negro children.

Commissioner Ross stated that after the Legal Division has conducted a detailed investigation of

The U. S. Army Corps of Engineers has invited bids for a site at the newly established NASA-Mississippi Test Facility in Hancock County, Mississippi, as the temporary location of a launch bank to serve NASA Corps of Engineers and contractor personnel during the construction period. The Mississippi Test Facility is being built under the supervision of the Corps of Engineers for the George C. Marshall Space Flight Center for use in ground testing components of the huge Saturn V space vehicle.

The bank site comprises a quadrangular plot, 300 feet by 300 feet and containing about 2.5 acres of land on the west side of Mississippi Highway 43, main entrance road into the facility, and on the south side of the Lower Gineville Road in the construction area.

The successful bidder will enter into a five-year lease under which he will install a mobile structure for the conduct of banking activities. He will not be permitted to install any permanent structure but may use a trailer or van, temporarily immobilized and with decorative features added for screening purposes. Bids will be accepted from banks affiliated with the Federal Deposit Insurance Corporation only.

Anyone desiring to obtain further information should contact the Real Estate Division, U. S. Army Engineer District, Mobile, P. O. Box 1169, Mobile, Alabama, ZIP 36601.

Bids will be opened publicly at 11:00 a. m. C. S. T., on August 27, at the Corps of Engineers' real estate office, 2460 Government St., Mobile.

WASHINGTON - Senator John Stennis said today the Senate Aeronautics and Space Committee has approved a 1964 budget of \$102,000,000 for the Mississippi Test Facility in Hancock and Pearl River counties.

Stennis, a key member of the Space Committee said, "If this bill passes the Senate and meets House approval, it will provide sufficient funds to perform all essential activities in connection with the construction of the big rocket test facility in South Mississippi."

He explained that "all essential activities" include land acquisition, site preparation and actual construction which is now underway by the U. S. Corps of Engineers.

Stennis again emphasized that the Mississippi Testing Operations "is a vital part of our overall space program and it places Mississippi in an important position with regard to our national defense program."

NOTICE TO BIDDERS

Sealed bids will be received by the Hancock County School Board, Bay St. Louis, Mississippi to be delivered to the office of County Superintendent of Education on or before 2:00 P. M., August 23, 1963 at the Courthouse, in Bay St. Louis, Mississippi, for the furnishing of the following listed item:

One Tractor and mower: Complete specifications on file in the Superintendent of Education office Bay St. Louis, Mississippi.

The Board reserves the right to accept or reject any and all bids.

Done by order of the Hancock County School Board, this first day of August, 1963.

K. G. McCARTY
Supt. of Education
Hancock County School Board

WHICH HAND will You choose?

This is the hand of Justice. It re-proves those people who have strayed from the path of truth and good living.

Honest men and righteous men have chosen another hand; one which is not pictured here. They never need the reproof of Justice, for they have chosen the Hand of God.

Each man is free to decide which hand will lead him. Some never see the Hand of God, and their way through life is barren and pointless.

But with the help of the Church, you can find the right path. By attending its services and joining in its work, your way through life can be made straight and happy. Take the Hand of God, and you need never fear stern Justice.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Ketchum

for speckles, a rising tide seems to be the best. Red fish are caught mostly along grassy banks where the tide is high.

Flounders are still being caught. Quite a few were caught on the mud flat at the mouth of Jordan River, over the weekend. Some large, soft shell crabs were among them.

Speaking of hard crabs, they are still plentiful and are being caught by small bays such as Watt's Bayou. To my knowledge there are more hard crabs being caught now than in many years. Of course there are some "Gumbo" crabs among them.

Mr. and Mrs. Gene Manieri and children were over for the weekend and enjoyed catching hard crabs off the highway bridge. They are oldtimers at catching crabs.

Smart fishermen while cleaning

their fish save the heads to use as crab bait.

Another tip to fishermen is to save milk cartons and fill with water, store in deep freeze and you have your own ice when you go fishing.

Hank Evans, a newcomer to the Bay has his boat tied up in Watt's Bayou on which he lives. He expects to be here some time and can catch up on his fishing. He is catching hard crabs right off the boat. No chance of starving with all the fish and crabs hereabouts.

Carl Gustason, former photographer for the Eagle was over this weekend. Carl is working in New Orleans and expects to do a lot of commuting and fishing. Of course the madam will be with him.

Lucien Favre, Roy Keel and Andy Bell caught 15 flounders last week. They had a busy night.

Darnell Favre caught a 5 1/2 pound flounder last week. Rather unusual I'll say.

According to candidates, they will be glad when the second primary is over. Their fishing has been sadly neglected. Better keep fishing for votes boys!

fees for the young fishermen.

Winners will receive medals, trophies and fishing gear. Fishermen may use natural or artificial bait, but must bring their own gear.

A number of our summer residents will enter the rodeo.

Wop Glover finished up his annual vacation this week after doing a lot of fishing. As a fly fisherman he is getting better each day. Wop's favorite sport is quail hunting. He owns some beautiful bird dogs and uses them to good advantage.

Harriman Morgan has been named head basketball coach at St. Stanislaus College here after serving for the past two years at Holy Cross and Redemptorist Morgan is a former De LaSalle prep star and an ex-Loyola cager. Good Luck Harriman in your new undertaking.

The softball league season is over and the players and sponsors are talking about what they are going to do next year. Softball has become a favorite sport with local fans.

Was sorry to hear of the sudden death last week of George Grant, a brother-in-law of yours truly. George was with his wife out fishing in a skiff when the accident occurred.

Sheldon Seuzeneau, Bouy Blanchard and Joe Plunkett had a hot game of golf last week. They play for blood and the scores are usually close.

Nicky Rauxet while out fishing Sunday hooked two snakes on the fly rod for fun. His idea of fun is different from mine.

The Boy Scouts of Troop 217 and 208 spent the past week camping at Camp Salmen near Slidell. Teddy Stechmann and Laverne Pahlman, scout masters were with the boys. All had a good time.

LOCAL SPORTSMAN

RAOUL TELHARD

Raoul is an old time fisherman and has a lot of tales to tell. Working with the L&N Railroad he had charge of the RR bridge for quite a number of years. He is a past master at catching speckles on a slaughter pole, using pork rind for bait, off the bridge. He recently took up fly fishing and is hard to beat at that art. A quail hunter, he got his share of birds. Raoul said that if all the fish he

OVER 400,000 ACRES SEEDING FOR PULPWOOD

ATLANTA, GA. - Pulp and paper companies and pulpwood suppliers planted pine seedlings on and directly seeded a total of 401,000 acres of land in 11 Southern states during the 1962-63 planting season.

This was reported by H. J. Malsberger of Atlanta, general manager of the Southern Pulpwood Conservation Association. He revealed that the latest total marked a gain of 18,075 acres over the 382,925 acres planted and directly seeded in the South during the 1961-62 season.

Independent pulpwood suppliers accounted for 12,500 acres, or three percent, of the total 1962-63 record, Mr. Malsberger added. The suppliers' share increased 53 percent over the 8,170 acres planted and seeded by them the previous year.

Pointing out that while direct seeding and planting of trees by the pulp and paper industry and by individual landowners is a necessary part of the South's continuing reforestation program, Mr. Malsberger emphasized that by far the greatest number of trees comes from natural reseeding.

As a result of the natural reforestation, aided by wise forest management and supplemented by the annual plantings by man, the South's woodlands today are growing faster than they are being used, he added.

"This is an encouraging picture," Mr. Malsberger observed, "but it is by no means grounds for overconfidence about the future. Each year the consumption of paper and paperboard products increases, having reached a new high of 453 pounds per capita in the United States last year.

"Since wood is the raw material for most paper products," he continued, "we must have more and more trees to meet the projected demand for paper products for coming years. That means there must be no let-up in our conservation and intensive forest management efforts."

COMPLETE ANNUAL TRAINING AT FORT BENNING

FORT BENNING, GA. (AHTNC) Army Reserve 1st Lt. Joseph E. Kern, son of Mrs. Marguerite C. Kern, 111 Carroll Ave., Bay St. Louis, Miss., completed two weeks of annual active duty training at Fort Benning, Ga., Aug. 11.

Lieutenant Kern was assigned to the U. S. Army Reserve School in Gulfport, Miss.

The 28-year old officer and his wife, Janelle, and daughter live at 312 DeMontluzin Ave., Bay St. Louis.

He was graduated from St. Stanislaus High School in 1954 and from the University of Southern Mississippi, Hattiesburg, in 1958.

has caught were put in one pile hard to beat at that art. A quail hunter, he got his share of birds. Raoul said that if all the fish he

CARD OF THANKS

We wish to express our grateful appreciation for the many kindnesses shown us during the illness and death of our beloved, Carl Heitzmann. Thanks for the many Masses, flowers, cards and words of sympathy. Special thanks to Father Harlow, Sisters of St. Joseph, Brothers of the Sacred Heart, Doctors and Nurses, and our many kind friends.

All have our everlasting gratitude.

MRS. VELMA HEITZMANN AND SONS AND HEITZMANN FAMILY.

CARD OF THANKS

I wish to thank all of my friends who were so kind and generous to me and my wife during her illness in Bay St. Louis and the many, many notes of sympathy and expressions of condolence, visits and aid given to me after the death of my wife, Mrs. Azell Suter Doberin, on Thursday, August 1. I wish especially to thank all of the chapters of the Eastern Star on the Gulf Coast of Miss., who have been pillars of strength to me with their sympathies, aid and comradeship which they have given me before and after my wife's death.

GUSTAV A. DOBERIN
324 JULIA STREET

New York - The costs of offshore oil operations are staggering, according to Oil Facts.

Some deep-water drilling rigs cost more than \$6 million each. The cost of operating such a facility can run as high as \$17,000 a day.

New Chrysler Room Air Conditioner

Things Happen to Systematic Savers

Ever notice how it is with some families? They always seem to have the money to go off on the most exciting vacation trips, buy and furnish the nicest homes, give their children the best educations. Often the answer is not to be found in the size of their income, but in what they DO with it. By systematically saving part of it, they manage to have "what it takes" to enjoy the best things of life. If they save here (as many do) where their money earns interest.

PRE-COLLEGE PROGRAM FOR FRESHMEN COMPLETED AT USM

HATTIESBURG, Miss. - The third of three pre-college and orientation programs for freshmen students was completed last week at the University of Southern Mississippi with 66 students from 30 communities in five states in attendance.

Sponsored and conducted by the USM Office of Student Counseling, Dr. Sidney Weatherford, director, these special three-day programs are designed for high school graduates who plan to enroll in the fall as freshmen for the 1963 Fall Quarter in September. These programs have proved increasingly popular and helpful during the past several years at the University. They allow the prospective student to become acquainted with the school's campus, physical facilities, and with many of the administrative and faculty personnel.

Those attending also have the opportunity to appraise their academic aptitudes and skills, formulate educational plans and goals, learn about possible college majors, and related career fields, and plan work for the upcoming Fall Quarter at the University.

Attending the final pre-college counseling session of the summer was John Campbell of Bay St. Louis.

Auxiliary Meeting

Hancock General Hospital Auxiliary met last Monday morning in the hospital conference room with Mrs. Ben Hille Sr., president, presiding.

The pink ladies expressed their appreciation for the large new desk which was recently purchased for the reception room.

Mrs. C. C. McDonald Sr., and Leo Seal Sr., donated toward the purchase with the balance paid by the auxiliary.

A memorial gift, received from Mr. and Mrs. Sidney Prague in memory of Miss Victoria Gex, will be recorded in the Book of Memories.

Mrs. Wallace Chevis, sewing chairman, reported 84 surgical wrappings and 72 Pinky dolls were made by her committee during the year.

This month the committee will meet at 9 a. m. Thursday, August 29, in the conference room.

Mrs. Harry L. Benjamin was introduced as a new member. There were 19 members present.

EXPRESSES THANKS

Chester Favre, advisor of Explorer Post 206, has expressed thanks to all who helped make the group's annual dinner a success.

Leon Favre received first prize, a six months pass to the Star Theatre, for selling the largest number of tickets for the dinner, and Alex Romanoff, second, received a three month pass.

WORLD WAR I VETERANS INVITED TO MEETING

All veterans of World War I in Hancock County are invited to attend an open meeting at 7 p. m. Monday, August 19, at the Legion Home on South Beach and Washington Street.

Fred Bankston, WWI Commander said this is not a political meeting and some important speakers will be present to discuss the new pension plan before Congress which is of interest to veterans and their families.

Refreshments will be served following the meeting.

TWO DOWN AND SIX TO GO. The second of eight engines that will power the first Saturn I booster to be built by Chrysler Corporation Space Division at the George C. Marshall Space Flight Center's Michoud Operations in New Orleans is put into place. The eight engines of America's most powerful rocket will have a capability of 32,000,000 horse power - more power than could be generated by a continuous line of Plymouth automobiles stretching from New Orleans to Chicago moving at full speed. The Saturn I booster, 20 of which will be built at Michoud by Chrysler, is described as the workhorse of the space age and will play vital roles in NASA's Project Apollo, the moon exploration program that will open the frontier of outer space.

Thanks

I wish to take this means to express my sincere thanks to my many friends who worked so tirelessly in my behalf to help me get the large and heart warming vote I received in the first primary.

I wish to especially thank each and every person who honored me with their vote and support.

To those of you who chose to vote for another candidate who is no longer in the race, I earnestly and sincerely solicit your vote and influence in the second primary on August 27th.

Respectfully,

H. (BULLY) ZENGARLING

Candidate for Sheriff and Tax Collector Hancock County, Mississippi

ASC COMMITTEE DUTIES LISTED

ASC farmer-committeemen, who will soon be elected by their neighbors for the coming year, have important program responsibilities, according to Tommy R. Shaw, Chairman of the Hancock Agricultural Stabilization and Conservation County Committee.

"This makes it all the more important that representative farmers be elected to the job," he declared.

ASC committees have charge of the local field administration of such national farm programs as acreage allotments, marketing quotas, commodity loans, the feed grain program, the sugar act program, the national wool program, the agricultural conservation program, and farm storage facility loans. Other duties are assigned to the committees by the Secretary of Agriculture as the need arises.

The chairman explained that each year farmers who are taking part or are eligible to take part in one or more of the farm programs which the committees administer elect a community committee from among their own number. The chairman, vice chairman, and regular members of this committee also serve respectively as delegate, alternate delegate, and second alternate delegate to a county convention, where the ASC county committee is elected.

In Hancock County, the farmers who are eligible to vote for the community committee (who also serve as delegates to the county convention) will cast their ballots by mail. Ballots will be mailed August 26, 1963, and must be returned to County Office by September 6, 1963.

New York - Based on the annual reports of 69 leading oil companies taxes on the petroleum industry in 1962 amounted to \$2.21 for every dollar of net profit, according to Oil Facts.

USM ANNOUNCES TOTAL DISTRIBUTED IN SCHOLARSHIPS

HATTIESBURG - The University of Southern Mississippi Foundation is today announcing the fact that \$18,728.88 was contributed in scholarships during the 1962-63 session, including the current quarter. More than 100 students received financial assistance.

In addition to the scholarships which were granted, another \$500 was donated for physical facilities; \$500 for a faculty fellowship award; and \$2,000 was furnished to provide matching funds for loans made by some banks to students attending the University.

It is estimated that some \$50,000 will be made available to deserving students through this loan program.

It was announced at a recent meeting of the board of directors of the Foundation that the total income had exceeded the \$100,000 mark since the beginning of the organization in late 1959.

The total to date is \$103,133.48. This amount has been donated by individuals, business firms, and other organizations. Contributions range from \$1 to \$3,000.

Morgan M. Pope Jr., Hattiesburg attorney, president of the Foundation, made a prediction that the income would reach one million dollars within 10 years. He urged all members of the board of directors to secure at least \$500 by the 1963 Homecoming, Oct. 12.

The board also voted to establish a "Southern Club" with membership including those individuals who contributed at least an amount equal to \$1 a year since the institution was established. This would be a minimum of \$33 for the 1963 year. It will increase \$1 each year.

This club was authorized to encourage additional contributions. The Foundation serves as the repository for all gifts to the University of Southern Mississippi. Further information may be obtained by writing that organization at Box 13, Southern Station, Hattiesburg.

New York - A typical jet airplane flying the 148-minute New York to Miami trip burns about 3,600 gallons of fuel. A like quantity of gasoline would last an average passenger car about seven days, Oil Facts reports.

Beat 5 Voters Want A Supervisor Change

THE FIRST PRIMARY PROVES THE MAJORITY OF BEAT 5 VOTERS WANT A NEW SUPERVISOR

PROOF: 1854 votes for a change only 1271 votes against a change. THE PEOPLE HAVE VOICED THEIR DESIRE.

The incumbent, who usually polls ALL of his strength in the first primary, received only 1271 votes and there were 1854 remaining votes that were cast. Russell Elliott the runner-up with 1203 votes (a small difference of only 68 votes) seems to be the CHOICE OF THE PEOPLE TO REPLACE THE SUPERVISOR.

In this Democratic Society, where the Majority rules, we certainly hope that the FREE-MINDED CITIZENS who votes their own convictions (a true Democratic privilege) will now join with the wishes of the majority by voting for RUSSELL ELLIOTT, a young aggressive leader who is offering his services to assist this community to move forward in the future growth of our Great County.

We humbly request that all voters give RUSSELL ELLIOTT an overwhelming vote for victory.

Even though the incumbent received a few more votes, the MAJORITY HAS SPOKEN FOR A CHANGE AND THE LARGEST PERCENT HAS VOTED AGAINST THE PRESENT SUPERVISOR!

COMBINE YOUR VOTES TO ELECT

Russell J. Elliott

TO THE GOOD PEOPLE OF HANCOCK COUNTY

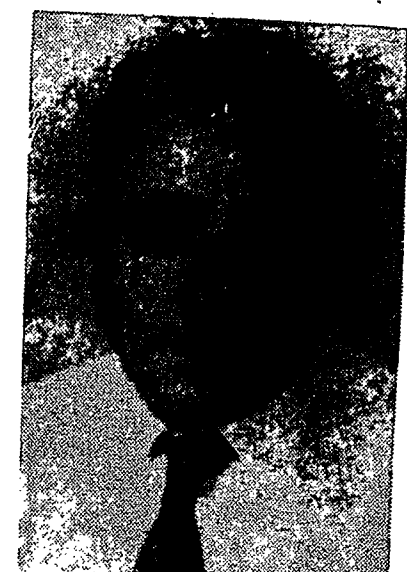

I wish to express my sincere appreciation to all of you who cast your vote for me for Sheriff and Tax Collector in the First Primary election last week.

I also want to say that I hold no ill feeling toward any of you who saw fit to vote for another candidate, because that is your privilege as a free American citizen, and I respect that privilege.

I will be ready at all times to assist the next Sheriff, whoever he may be, to preserve law and order.

Gratefully

GERALD V. PRICE, JR.

TO THE VOTERS OF HANCOCK COUNTY

I wish to take this means of expressing my sincerest thanks and appreciation for the wonderful vote and support given me in the primary on August 6th, for County Superintendent of Education of Hancock County.

Thanking you again and assuring you I will every endeavor to make you a good public official in the future as I have in the past.

I hope my many friends and supporters will continue to work for me in the second primary.

Sincerely,

K. G. McCarty

"Thank You"

I wish to express my heartfelt thanks to the many friends and voters of Hancock County for the splendid vote given me in the first Primary Election. Because of your help, it is possible for me to enter the Second Primary as a candidate for County Superintendent of Education. Your continued vote and influence in the August 27th election is earnestly solicited and will be genuinely appreciated.

GRATEFULLY,

Robert Frank Ladner
